

### About Me:

I am a junior at UD. I am on the baseball team and a student ambassador. After learning about the aviation department, I switched my major. I have such a passion for aviation and am blessed to be learning in such a great place. I am so grateful I made the switch.

### Where do you see yourself after graduation?

After graduation, I plan to go the commercial airline route. Later in my career, I then hope to look into the options of being a cargo pilot.

### What makes UD special?

The easiest and best answer to this question is the people. From the President, to the deans, professors, kitchen and custodial staff, each of these people make UD special. Each individual on this campus authentically cares about the student's well-being.

*“Thank you to everyone who has invested their time and energy into making UD a great place. Being a part of this community has helped me grow into someone that I am proud of.”*
